

Lower School

I asked the young men of Lower School to consider what messages they would give to boys and parents who are considering making our school their school; here are just a few of the things they said.

At first I was worried about finding my way around, now I plan to go all the way to Japan with school.

Marcus, Year 8

If you stood next to our list of all the clubs and societies on offer it would be as tall as you ...and me!

Jim, Year 7

I have become more independent; I get the bus, I make sure I have all the things I need – I like not being organised by a teacher or my Mum.

Dom, Year 8

At first I worried about finding Room 23, now I can't wait to get there for my History lesson.

Shahzad, Year 7

It takes some guts to come to such a prestigious school and take the exam – once you're here your anxieties melt away; you meet really interesting people and it's all worth it.

Elliot, Year 8

The walk down the drive is daunting, it's like Hogwarts. Inside the school is full of caring and exciting characters.

Bradley, Year 8

Because the school is bigger you can make a small group of close friends.

Sinan, Year 7

Our form tutors and form prefects are always friendly faces to turn to for help.

Ben, Year 7

I hope this has given you a sense of the School from our boys' perspective. I, along with my deputy, Adam Smith and the rest of the Lower School team, endeavour to stimulate their inquiring minds and nurture academic as well

as 'beyond the classroom' confidence.

We strive, above all, to have a sense of purpose with a good sense of fun; we are confident that our boys feel cared for as well as challenged.
